Education

Koneru Lakshmaiah Education Foundation

Bachelor in Computer Science and Engineering CGPA-8.91/10

May 2020 – May 2024

Vijayawada, Andhara Pradesh

Aaryan International School

Science, 12th

March 2018 – March 2019

Uttam Nagar, New Delhi

Aaryan International School

10th

March 2016 – March 2017

Uttam Nagar, New Delhi

Experience

Future Ready Talent

June 2022 – August 2022

Web Developer Intern

- Developed a responsive mini portfolio website using HTML, CSS, and JavaScript, implementing animations and interactive features to enhance user engagement.
- Successfully applied Mobile-First methodology, ensuring seamless compatibility with all mobile devices.
- Implemented version control using Git, enabling efficient collaboration with team members and maintaining a well-organized code base.

KL University

May 2021 – January 2024

Mentor

- Guided and mentored a team of junior developers, best practices, and career development.
- Conducted regular one-on-one sessions with Mentees, resulting in a 80% improvement in project completion rates.
- focusing on their individual goals and challenges, and providing personalized guidance.

Projects

PDF MERGER | React, HTML, CSS, JavaScript

- The PDF Merger project is a software application designed to combine multiple PDF files into a single, unified PDF document.
- It simplifies the process of consolidating multiple PDF documents into one cohesive file, offering efficiency and convenience.
- Implemented robust error handling mechanisms to identify and resolve issues during the merging process, ensuring a smooth user experience.

Library Management System | Java, Maven, MySQL, Servlet, HTML, CSS, SQL Server

- The Lms System project is a comprehensive software solution aimed at automating and enhancing library operations.
- Developed an intuitive and user-friendly interface for the Library Management System, simplifying tasks for librarians and patrons alike.
- Designed and integrated a customizable reporting module, allowing administrators to generate insightful reports on library usage, popular genres, and inventory status

Entertainment Hub | React, JavaScript, HTML, CSS, API

- Directed a team in creating a multifaceted entertainment application encompassing movies, TV shows, music.
- Ensured seamless user experiences across iOS, Android, and web platforms, focusing on responsive design and functionality, etc.
- Optimized the application's performance, focusing on fast loading times, smooth streaming, and minimal buffering, providing users with a seamless entertainment experience.

Technical Skills

Languages: C++, HTML, CSS, JavaScript, TypeScript, Java, OOP,

Developer Tools: VS Code, Eclipse, Git, Jira, Docker, Postman, Maven, Linux

Technologies/Frameworks: React.js, Node.js, Express.js, MongoDB, SQL, Bootstrap, Oracle, Data Structure, Algorithms

Global Certifications

- AWS CLF-01 Cloud Practitioner Certified : Verify
- AZURE AZ-900 : Verify

Achievements

- Gold Levels in Problem Solving, C++, by HackerRank, Amongst the top performers in Techgig
