Education

Koneru Lakshmaiah Education Foundation   **Sep. 2020 – May 2024**
Bachelor in Computer Science and Engineering CGPA-8.59/10 current   *Vijayawada, Andhara Pradesh*

Aaryan International School   **March. 2018 – March 2019**
Science, 12th   *Uttam Nagar, New Delhi*

Aaryan International School   **March. 2016 – March 2017**
10th   *Uttam Nagar, New Delhi*

Projects

PDF MERGER | *React,Html, Css,JavaScript,php*   **January 2021**
- The PDF Merger project is a software application designed to combine multiple PDF files into a single, unified PDF document. This project is a valuable tool for individuals and organizations that need to merge PDF files for various purposes, including document management, archiving, and report generation.
- It simplifies the process of consolidating multiple PDF documents into one cohesive file, offering efficiency and convenience.
- Implemented robust error handling mechanisms to identify and resolve issues during the merging process, ensuring a smooth user experience.
- Skills: GUI Development, PDF Manipulation, Error Handling, Testing and Debugging, Documentation

Text Analyser | *JavaScript*   **August 2021**
- Developed a dynamic and efficient Text Analyzer web application using JavaScript, providing users with real-time analysis of input text.
- The application counts the number of words, characters, and calculates the average word length, offering valuable insights into the composition of textual content.

Entertainment Hub | *React, Visual Studio, JavaScript,HTML,CSS,API*   **March 2022**
- Directed a team in creating a multifaceted entertainment application encompassing movies, TV shows, music.
- Ensured seamless user experiences across iOS, Android, and web platforms, focusing on responsive design and functionality,etc.
- Optimized the application's performance, focusing on fast loading times, smooth streaming, and minimal buffering, providing users with a seamless entertainment experience.

Experience

Future Ready Talent   **June 2022 – August 2022**
Virtual Intern
- Developed a responsive mini portfolio website using HTML, CSS, and JavaScript, implementing animations and interactive features to enhance user engagement.
- Successfully applied Mobile-First methodology, ensuring seamless compatibility with all mobile devices.
- Implemented version control using Git, enabling efficient collaboration with team members and maintaining a well-organized code base.

KL University   **May 2021 – DEC 2022**
Mentor
- Guided and mentored a team of junior developers, best practices, and career development.
- Conducted regular one-on-one sessions with mentees,resulting in a 30% improvement in project completion rates.
- focusing on their individual goals and challenges, and providing personalized guidance.

Technical Skills

Languages:C++, HTML/CSS, JavaScript, SQL,PYTHON
Developer Tools: VS Code, Eclipse, Git,Jira ,Django , React.js
Technologies/Frameworks: JavaScript,Flask,SQL,NoSQL, Git (GitHub, GitLab), HTML, CSS,JIRA.

Global Certifications

- AWS CLF-01 Cloud Practitioner Certified
- AZURE AZ-900

Achievements

- Gold Levels, in Problem Solving, C++, by HackerRank
